Auditing in IBM Cognos Analytics

Unlock the power of your data and
gain valuable insights with IBM Cognos
Analytics Audit

Gain strategic insight into business intelligence usage patterns by leveraging IBM™ Cognos™ Analytics Audit's* comprehensive audit reports. IBM Cognos Analytics Audit puts you in control, empowering you to make informed decisions that drive efficiency and maximise the value of Pronto Xi Business Intelligence.

Use audit reports to optimise capacity planning, monitor performance, and identify and streamline unused content, and discover the true impact these reports can have on business operations, from usage frequency to user engagement.

*IBM and Cognos are trade marks of International Business Machines Corporation, and are registered in many jurisdictions

About us

PRONTO

SOFTWARE

We are an Australian developer of award winning business management and analytics solutions. Pronto Xi, our Enterprise Resource Planning (ERP) software, integrates accounting, operational and mobile features in a single system – optimising business processes and unlocking actionable insights. That's why for more than 45 years, over 1,500 Australian and global organisations, across a wide range of industries, have trusted Pronto Xi to simplify their most complex challenges.

With headquarters and our Development Centre located in Melbourne, we have support offices and consultants based across Australia, as well as a global network of Resellers and Solution Partners. Specialised business units within Pronto Software have the expertise to assist you with pivotal technology – Digital Transformation with Pronto Woven, Cloud and Hosting services with Pronto Cloud and Business Intelligence solutions with Pronto iQ.

When you choose Pronto Software, you gain a team with deep industry experience, giving us the ability to understand your specific needs and build innovative solutions that drive business growth and revenue.
