# Customer Central

## Minimise service strain and improve your cash flow with Customer Central

Customer Central is a powerful solution for managing accounts, payments and invoices, and it empowers your customers by giving them the freedom and flexibility to manage accounts at their convenience.

The application streamlines critical processes for businesses and their end-user customers, providing a single integrated touchpoint utilising the Pronto Xi platform.

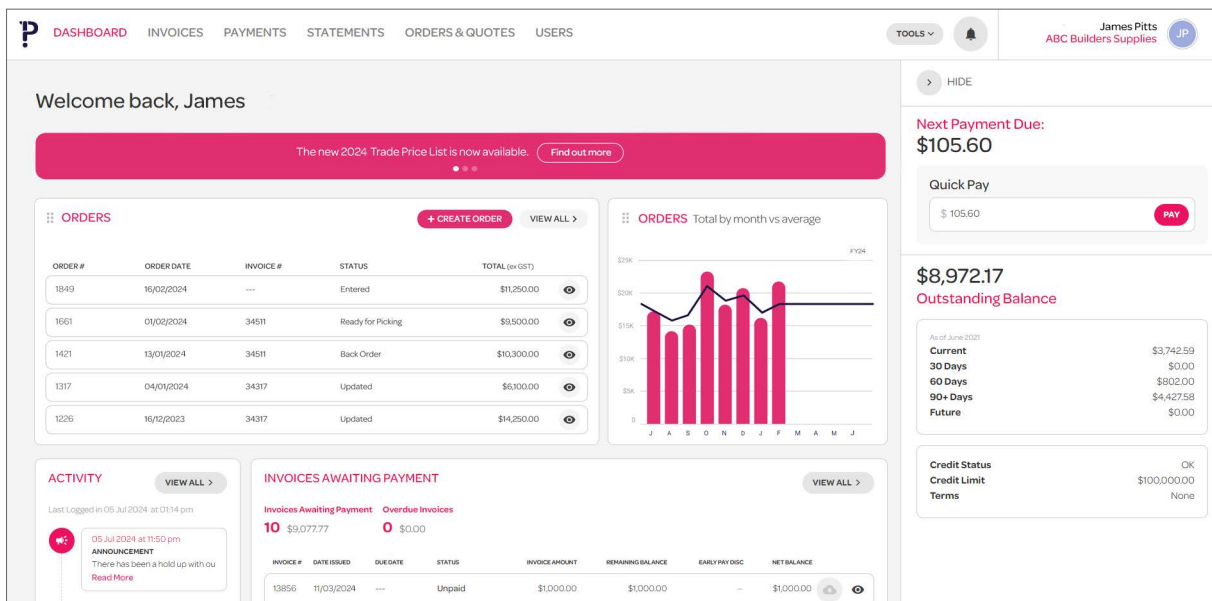

Customers can access their accounts 24/7 within this self-service portal, giving them complete oversight. It's a convenient solution that reduces the need for user support, freeing your customer service teams to focus on delivering greater value.

On the administrative level, Customer Central consistently captures all information about past customer interactions and transactions. This creates a single source of truth, provides the visibility to drive collaboration across operations and supports consistent customer communications.

Businesses' finance and accounts teams can use Customer Central to:

- maintain clear and timely communication with just one click, including sending reminders for overdue invoices
- automate payment confirmation and "thank-you" emails, and post announcements on customer dashboards
- improve cash flow and build customer relationships with incentives, discounts and special credit terms
- view paid/due invoice issue dates, reminder email trigger dates and recipient details
- add important announcements in the top banner of the customer dashboard, such as product and delivery updates

Provide customers with 24/7 access to their account details
